

NAME	Abdulrahman Salem Aljdid Almri
COLLEGE/ SPECIALITY	College of engineering/ Nanotechnology to nanoscience
ACADEMIC YEAR	Graduate with Master degree

## CONTACTS

at.a.s.jad@gmail.com

+966505557674

Riyadh, KSA

## ABOUT ME

Place of birth: Riyadh

Date of birth: 05/02/1993

Status: single.

My objective is to explore an employment that offers a broader horizon for advancement and expresses my interest to apply for a position in the field of electronic engineering and Nanotechnology. Which would allow me to bring creative solution to the world, leading technology beyond the expectations and making the impossible possible.

## EDUCATION

EDUCATION1	Bachelor of Engineering in Electronic Engineering with Nanotechnology, with second class honours (first division).
EDUCATION2	Master of Science in Nanoscience to Nanotechnology with Merit.
EDUCATION3	

## WORK EXPERIENCE

EXPERIENCE1	Volunteer intern (Research assistant) in Electronics Lab at Swansea university.
EXPERIENCE2	Pursuing Project manager (New company formation): responsible for organizational structure formation all the way down to business process design, ERP implementation, writing up SOP, developing training materials, Branding &Marketing.

## EXPERIENCE3

### Research Experiences

- 1- Worked as Volunteer intern (Research assistant) with Prof. Vincent Teng in Electronics Lab at Swansea university (2016).
- 2- Achieved distinction in third year research project about XPS analysis of ZnO NWs.
- 3- Achieved distinction in Master dissertation which was about "Growth & XPS analysis of TiO<sub>2</sub> Coated ZnO NWs".
- 4- XPS analysis, curve fitting using CASAXPS software.
- 5- TEM and SEM imaging and analysis.
- 6- PL spectroscopy.

### LANGUAGES

- 1- Arabic (Native language).
- 2- English (Full professional proficiency).

### SKILLS

#### Soft skills:

- 1- Disciplined, self-motivated and organized, problem solving & time management.
- 2- Project planning and progress monitoring.
- 3- Excellent analytical skills.

#### Technical skills:

- 1- Microsoft office, CASAXPS, Matlab.
- 2- Good use of other software related to electronics such as NI, Multisim, & silvaco.
