### ABOUT ME

I am a passionate researcher. I completed my master's degree in analytical chemistry. I'm well experienced in research for more than two years, I am looking for an opportunity to develop my skills in research field.

### EDUCATION

#### EDUCATION1

**King Abdulaziz University**  
**September 2013 - July 2018**  
**Master of Science in Analytical Chemistry.**

- Cumulative GPA4.80/5.00
- Thesis: "Quantification of heavy metals and other contaminants in eye make-up products using ICP-OES, XRF, and XRD techniques".

#### EDUCATION2

**Taibah University** September 2008 - June 2012  
**Bachelor of Chemistry.**

- Cumulative GPA3.41 /5.00

### Research Experiences

1. **Journal article** : Faten M. Ali Zainy, **Ohoud A. Alotaibi**. "The Quality Control of Eye Shadow, Eyeliner, and Mascara Products that Sold on Saudi Markets". International Journal of Pharmaceutical and Phytopharmacological Research (2019).
2. **Journal article** : Zainy, Faten M. Ali, Fatima Bannani, and **Ohoud A. Alotaibi**. "Elemental Compositions of Some Eye Shadow Products Marketed in Saudi Arabia". Journal of Cosmetics, Dermatological Sciences and Applications 8.4 (2018).

## LANGUAGES

- English (STEP score is 92 in February 2019).
- Arabic: Native

## SKILLS

- **Computer skills:** Very good computer abilities: familiar with email, internet, word processing, Endnote, spreadsheets and excel.
- **Others:** Good knowledge in analytical techniques such as ICP-OES, ICP-MS, CHNS, XRF and XRD.
